

Unlock your potential. Keep growing.

You want an internship where you can influence your own development. You're looking for a company that will allow you the opportunity to apply what you've learned in school and to pursue your interests across functions and geographies.

You want the opportunity to work on business-critical projects, to learn from a peer mentor and to gain exposure to senior leaders.

Apply for a Roche Diagnostics internship at roche.com/careers.

Roche is an equal opportunity employer.

A global healthcare leader

Roche Diagnostics is part of one of the world's leading research-oriented healthcare organizations—the Roche Group (headquartered in Basel, Switzerland). With combined strengths in pharmaceuticals and diagnostics, Roche develops innovative products and services that address the prevention, diagnosis and treatment of diseases, such as cancer, HIV, heart disease, diabetes, hepatitis and HPV.

In Indianapolis, we're focused on U.S. sales, marketing, research and development, customer support, manufacturing, quality control, regulatory management and product distribution. We're also a central site for global shared services, such as human resources and IT.

Internship opportunities include:

- Accounting & Finance
- Communications
- Engineering
- Human Resources
- Information Technology
- Manufacturing
- Regulatory & Quality
- Research & Development
